A screenshot of the TCG mcube dashboard. The left sidebar has a dark theme with white icons and text, listing "Explore", "Widget", "Advanced Analytics", "Dashboard", "Report", "Help", and "Administration". There is also a "Collapse" button at the bottom. The main content area has a light background. At the top, it says "Welcome to tcg mcube." Below that, a message states: "You can customize the Landing page as per the business use case or set any tcg mcube dashboard as the landing page from Advanced Settings." In the top right corner, there is a "Welcome User" dropdown menu.

VERSION CHECK

1

The screenshot shows the tcg mcube user interface. On the left is a dark sidebar with a blue header containing the tcg mcube logo. The sidebar includes navigation links: Explore, Widget, Advanced Analytics, Dashboard, Report, Help (which is selected), and Administration. Below these is a 'Version: 4.5.3.1' label. A 'Collapse' button is at the bottom of the sidebar. The main content area has a white background with a large blue header 'About Us'. Below it is a red section titled 'tcg mcube'. A detailed description follows: 'tcg mcube is an end-to-end analytics platform with the objective to perform 360-degree analytics. It covers the entire analytics spectrum, starting from data ingestion and integration from multiple data-sources, to storing them in a searchable big data repository, to building widgets and reports for descriptive analytics and to running statistical/mathematical models for predictive/prescriptive analytics and machine learning.' Another paragraph states: 'Our platform integrates the entire organization to attain management excellence by helping Business Owners, Managers, Data Scientists, and IT leaders with Prescriptive Analytics based on business events and real-time data for predicting the future, going beyond historical data analysis and current trends. tcg mcube (moniker from Monitoring, Measuring, and Managing) is our proprietary three-layered analytics platform that corresponds to:'. A numbered list follows: '1. Data integration from disparate sources
2. Information delivery, and
3. Algorithm-based analytics.' At the bottom, a note says: 'The core data model of tcg mcube leverages semantic data-modeling techniques to support different database objects and attributes that allows extensive customization.'

SAN-TREE TABLE-PRESTEPS-01

1

The screenshot shows the TCG mcube dashboard interface. On the left, there is a vertical sidebar with navigation links: Explore, Widget (selected), Advanced Analytics, Dashboard, Report, Help, Administration, and a Collapse button. The main area is titled 'Widget' and contains a 'Create New Widget' section. This section is organized into several categories with corresponding icons: Comparison (Area, Tag Cloud, Line, Bullet-Linear, Funnel, Spider, Vertical Bar, Combo, Bubble); Trend (Line, Waterfall, Area, Combo, Vertical Bar, Candle, Timeline Chart); Geospatial (Maps, Cluster); Composition (Pie, Waterfall, Tree Map, Mekko); Special (Candle, Text, Filter, Statistics); Tables and Summary (Data Table, Pivot Table, Tree Table, Metric/Gauge); and Relationships (Scatter, Tree Map, Tree Table, Combo). To the right of the creation section is a 'Saved Widgets' list titled 'Open a Saved Widget' with a search bar. The list includes items like '19july' (with a file icon), '21jultes' (with a folder icon), '21julytes' (with a file icon), '3rdjulytest' (with a file icon), and '5thjuly test' (with a file icon). Below the list is a page navigation bar with numbers 1 through 44 and a 'next' arrow.

2

3

The screenshot shows the TCG mcube interface with the 'Widget' section selected. The left sidebar contains navigation links: Explore, Widget (selected), Advanced Analytics, Dashboard, Report, Help, Administration, and a Collapse button. The main content area is divided into two sections: 'From a New Search, Select Dataset' and 'Or, From a Saved Search'. Both sections feature a search bar ('Filter...'), a list of items, and a pagination bar at the bottom.

From a New Search, Select Dataset

 Download User Manual

SAN-ROLE-01

1

The screenshot shows the Workbench interface with a sidebar on the left containing navigation links for Development, Management (with Roles selected), Supervision, and a Download User Manual link. The main area is titled "Workbench" and displays a "Role List" with one item: "Power User". Below the list is a configuration grid titled "Workbench" with the identifier "Mcube_Role28022024135829". The grid has three columns: "Modules", "View", and "Interact". The "Modules" column lists several modules with checkboxes: Explore, Widget, Dashboard, Advanced Analytics, Administration, Report, and EzeXtend. The "View" and "Interact" columns show various permissions (checkmarks or empty circles) for each module. At the bottom right of the grid are "Cancel" and "Save All" buttons.

Modules	View	Interact
Explore	✓	✓
Widget	✓	✓
Dashboard	✓	✓
Advanced Analytics	∅	∅
Administration	✗	✗
Report	∅	∅
EzeXtend	∅	∅

2

This screenshot is similar to the first one, but it includes a modal dialog box in the center that says "Role Created." with an "OK" button. The rest of the interface and data are identical to the first screenshot.

3

This screenshot shows the Workbench interface after changes have been saved. The "Role List" now includes two items: "Power User" and "Viewer". The "Power User" entry has the same configuration grid as before. The "Viewer" entry also has a configuration grid, which is identical to the "Power User" grid. The "Modules" column for "Viewer" includes: Explore, Widget, Dashboard, Advanced Analytics, Administration, Report, and EzeXtend. The "View" and "Interact" columns show various permissions for these modules.

Modules	View	Interact
Explore	✓	✓
Widget	✓	✓
Dashboard	✓	✓
Advanced Analytics	∅	∅
Administration	✓	✓
Report	∅	∅
EzeXtend	∅	∅
