A screenshot of the tcg mcube dashboard. The left sidebar has a dark blue header with the tcg mcube logo and a 'Welcome User' dropdown. Below are ten menu items with icons: Explore, Widget, Advanced Analytics, Dashboard, Report, Excel Upload, Help, Administration, and a 'Collapse' button. The main content area has a white background. At the top, it says 'Welcome to tcg mcube.' Below that is a note: 'You can customize the Landing page as per the business use case or set any tcg mcube dashboard as the landing page from Advanced Settings.' There is also a small 'tcg mcube' watermark in the bottom right corner of the content area.

VERSION CHECK

1

The screenshot shows the tcg mcube web application. On the left is a dark sidebar with a blue header containing the tcg mcube logo. Below the logo are several menu items: Explore, Widget, Advanced Analytics, Dashboard, Report, Excel Upload, Help (which is highlighted in blue), and Administration. At the bottom of the sidebar is a 'Collapse' button. The main content area has a white background. At the top, there's a navigation bar with 'About Us', 'Getting Started', 'Explore', 'Dashboard', 'Administration', and 'Advanced Analytics'. Below this, the title 'About Us' is displayed in large black font. Underneath the title, the tcg mcube logo is shown in red. A detailed description follows: 'tcg mcube is an end-to-end analytics platform with the objective to perform 360-degree analytics. It covers the entire analytics spectrum, starting from data ingestion and integration from multiple data-sources, to storing them in a searchable big data repository, to building widgets and reports for descriptive analytics and to running statistical/mathematical models for predictive/prescriptive analytics and machine learning.' Another paragraph describes the platform's integration across the organization for management excellence, mentioning Business Owners, Managers, Data Scientists, and IT leaders, along with Prescriptive Analytics. It also notes that tcg mcube is a proprietary three-layered analytics platform. A bulleted list below these paragraphs outlines the platform's core features: 1. Data integration from disparate sources, 2. Information delivery, and 3. Algorithm-based analytics. At the bottom of the content area, a note states: 'The core data model of tcg mcube leverages semantic data-modeling techniques to support different database objects and attributes that allows extensive customization.'

The screenshot shows the tcg mcube web application. On the left is a dark sidebar with a blue header containing the tcg mcube logo. The sidebar includes icons for Explore, Widget, Advanced Analytics, Dashboard, Report, Excel Upload, Help, and Administration. A 'Collapse' button is at the bottom. The main content area has a white background with a blue header bar containing the text 'About Us'. Below this is a section titled 'tcg mcube' in red. A detailed description follows: 'tcg mcube is an end-to-end analytics platform with the objective to perform 360-degree analytics. It covers the entire analytics spectrum, starting from data ingestion and integration from multiple data-sources, to storing them in a searchable big data repository, to building widgets and reports for descriptive analytics and to running statistical/mathematical models for predictive/prescriptive analytics and machine learning.' Another section describes the platform's integration: 'Our platform integrates the entire organization to attain management excellence by helping Business Owners, Managers, Data Scientists, and IT leaders with Prescriptive Analytics based on business events and real-time data for predicting the future, going beyond historical data analysis and current trends.' It also mentions tcg mcube as a proprietary three-layered analytics platform. A numbered list below details the platform's components: '1. Data integration from disparate sources
2. Information delivery, and
3. Algorithm-based analytics.' At the bottom, it states: 'The core data model of tcg mcube leverages semantic data-modeling techniques to support different database objects and attributes that allows extensive customization.'

The screenshot shows the TCG mcube Analytics platform interface. On the left, there is a vertical sidebar with the following navigation options:

- Explore
- Widget** (selected)
- Advanced Analytics
- Dashboard
- Report
- Excel Upload
- Help
- Administration

Below the sidebar is a "Collapse" button.

The main content area has two search sections:

- From a New Search, Select Dataset**: A search bar with the query "trend" and a result count of "10 of 3396". Below the search bar is a table with columns "Name" and "Actions". The results listed are:
 - admin_supstore_trend2
 - debranjan_supstore_trend_basf
 - rm_seasonal_trends
 - seasonal_trends
 - supstore_trend
 - supstore_trend_1
 - supstore_trend_date_null
 - supstore_trend_new
 - supstore_trend_null
 - supstore_trend_test
- Or, From a Saved Search**: A search bar with the query "Saved Searches Filter..." and a gear icon. Below the search bar is a table with columns "Name" and "Actions". The results listed are:
 - ASaveSearch_28
 - Ad_Save
 - City wise Sales Profit and Discount
 - DM_data
 - DM_data_test1

At the bottom right of the search results area, there are page navigation links: 1, 2, 3, 4, 5, ...125, >.
