VERSION CHECK

1

The screenshot shows the tcg mcube application interface. On the left is a dark sidebar with a blue header containing the tcg mcube logo. The sidebar includes links for Explore, Widget, Advanced Analytics, Dashboard, Excel Upload, Help, and Administration. The Help link is currently selected, indicated by a blue background. Below the sidebar, there's a 'Collapse' button. The main content area has a white background with a blue header bar containing the text 'About Us'. Below the header, the tcg mcube logo is displayed in red. A detailed description of the platform follows:

tcg mcube is an end-to-end analytics platform with the objective to perform 360-degree analytics. It covers the entire analytics spectrum, starting from data ingestion and integration from multiple data-sources, to storing them in a searchable big data repository, to building widgets and reports for descriptive analytics and to running statistical/mathematical models for predictive/prescriptive analytics and machine learning.

Our platform integrates the entire organization to attain management excellence by helping Business Owners, Managers, Data Scientists, and IT leaders with Prescriptive Analytics based on business events and real-time data for predicting the future, going beyond historical data analysis and current trends. tcg mcube (moniker from Monitoring, Measuring, and Managing) is our proprietary three-layered analytics platform that corresponds to:

1. Data integration from disparate sources
2. Information delivery, and
3. Algorithm-based analytics.

The core data model of **tcg mcube** leverages semantic data-modeling techniques to support different database objects and attributes that allows extensive customization.

Version: 4.5.4.0

DATA UPLOAD

1

The screenshot shows the TCG mcube interface with the 'Data Upload' tab selected. On the left, a sidebar includes links for Explore, Widget, Advanced Analytics, Dashboard, Excel Upload, Help, and Administration. The main area is titled 'Preview Data' and contains instructions to 'Upload and preview your CSV file' with a maximum file size of 5MB. It also notes that the first row should be a column header. A 'Browse' button is present for file selection.

2

This screenshot is identical to the one above, showing the 'Preview Data' page with the same instructions and interface elements.

3

The screenshot shows the 'Preview Data' page after a CSV file has been uploaded. The data is displayed in a table with the following columns: Entry Date, City, Manager, Sales, SAMPLESECURITYDEPARTMENT, SAMPLESECURITYUSER, BATCHSECURITYDEPARTMENT, and BATCHSE. The table contains five rows of data. At the bottom, there is a pagination control labeled 'Show 10 entries' and buttons for 'Previous' and 'Next'.

Entry Date	City	Manager	Sales	SAMPLESECURITYDEPARTMENT	SAMPLESECURITYUSER	BATCHSECURITYDEPARTMENT	BATCHSE
01-08-2022	Kolkata	Rob	1200	Dept #1	tcguser	Dept #1	tcguser
02-08-2022	Delhi	John	1400	Dept #1	tcguser	Dept #1	tcguser
03-08-2022	Mumbai	Mary	14880	Dept #1	tcguser	Dept #1	tcguser
04-08-2022	Hyderabad	Paul	12003	Dept #1	tcguser	Dept #1	tcguser
05-08-2022	Dune	Rob	1234	Dept #1	susict	Dept #1	tcguser

SAN-SAVE_SEARCH-01

1

The screenshot shows the TCG mcube search interface. The left sidebar includes 'Explore', 'Widget', 'Advanced Analytics', 'Dashboard', 'Excel Upload', 'Help', and 'Administration'. The main area displays a search result for 'admin_sampledata110...'. The results list four entries, each containing fields like '_source', 'Entry Date', 'City', 'Manager', and various security-related parameters. The interface has a dark theme with light-colored cards for results.

SAN-AREA-01

1

The screenshot shows the TCG mcube visualization editor interface. The top navigation bar includes 'Widget > Area chart > supstore > New Widget' and standard actions like 'New', 'Save', 'Open', 'Refresh', and a user dropdown. On the left, a sidebar lists 'Explore', 'Widget', 'Advanced Analytics', 'Dashboard', 'Excel Upload', 'Help', and 'Administration'. The main panel is titled 'supstore' and contains sections for 'metrics' and 'buckets'. Under 'metrics', there are two Y-axis options: 'Count' (selected) and 'Sum of Discount'. Under 'buckets', there are three X-axis options: 'X-Axis', 'Split Area', and 'Split Chart'. A note states 'Area charts require more than one data point'. A 'Cancel' button is at the bottom.

2

This screenshot shows the same visualization editor interface as the first one, but with changes in the 'buckets' section. The 'X-Axis' option is selected, and it is further refined with 'City: Descending' and 'Discount: Descending' sub-options. A note 'Area charts require more than one data point' remains. A 'Add sub-buckets' button is present. The rest of the interface is identical to the first screenshot.

This screenshot shows the TCG mcube interface. The left sidebar includes links for Explore, Widget, Advanced Analytics, Dashboard, Excel Upload, Help, and Administration. A 'Collapse' button is also present. The main area displays a 'Widget' section with a card titled 'supstore'. Below the card are tabs for 'Data' and 'Options', and buttons for 'Add metrics' and 'Add metrics'. A 'buckets' section follows, with a dropdown menu set to 'X-Axis'. A 'Cancel' button is at the bottom of this section.

SAN-ROLE-01

1

The screenshot shows the Workbench interface with a sidebar on the left containing navigation links for Development, Management (with Roles selected), Supervision, and a Download User Manual link.

The main area displays the "Role List" for "Power User". A specific role entry, "Mcube_Role11072024120411", is highlighted. To its right is a configuration grid titled "Workbench" with columns for "Modules", "View", and "Interact". The "View" column contains icons for list, grid, and search. The "Interact" column contains icons for add, edit, and delete. The "Modules" row includes "Explore", "Widget", "Dashboard", "Advanced Analytics", "Administration", "Report", "EzeXtend", and "Excel Upload". Each module has a checkbox in the first column and a status indicator (green checkmark, red X, or gray circle) in the "View" and "Interact" columns.

Buttons at the bottom right of the grid are "Cancel" and "Save All".

2

The screenshot shows the same Workbench interface as the previous step. A modal dialog box is centered over the grid, displaying the message "Role Created." with an "OK" button.

The background grid remains the same, showing the configuration for the "Power User" role with the "Mcube_Role11072024120411" entry.

3

The screenshot shows the Workbench interface with the sidebar and "Role List" for "Power User" visible. The "Mcube_Role11072024120411" entry is now listed twice in the "Role List": once under "Power User" and once under "Mcube_Role110720241204139". The configuration grid below remains the same as in step 1.
